Profile overview

She specializes in finance, accounting, and operational roles across all industry sectors.

Carla brings expertise in research and interviewing to the executive search process.

Her search process involves:

- market and industry research
- a comprehensive search of available resources
- screening candidates for both professional and cultural fit
- developing a focused short-list that reflects the clients' priorities
- helping clients and candidates navigate the search process

Carla takes great pride in fostering a close relationship with both candidates and clients to gain a thorough understanding of the strategic objectives of both, thereby ensuring the best possible fit.

Select client experience

- Corporate Controller – manufacturing
- Assistant Controller – healthcare
- Manager of Finance – cannabis producer

- Manager, Financial Planning & Analysis – software developer
- Corporate Finance Manager – real estate
- Manager, Audit & Compliance – professional services
- Director of Procurement – logistics

Of interest...

Throughout Carla's varied professional experiences she's maintained a keen interest in the unique characteristics of people and organizations, finding the information needed to make well-informed decisions, and synthesizing the two to help her clients and candidates fulfill their goals.
